

UNLEASH UNINTERRUPTED POWER AT UNMATCHED PERFORMANCE WITH MULTINET SYSTEMS

“**MULTINET SYSTEMS**” is one-stop-solution for all your Power conditioning & Power protection equipment as well as IT & Infra Products. We offer Uninterruptible Power Supply - Online UPS Systems, Lift Inverters, Servo Voltage Stabilizer as well as IT & Infra products like Networking/Server rack Metal Enclosures and many more.

We are the leading manufacturer, supplier and solution provider in the area of our expertise. We are also carving customize & user-friendly solutions as per customer requirements.

Since 1997, we are in the field of Power Electronics & Information technology and we have expertise in the same.

WE OFFER ▶

- ▶ Online UPS
- ▶ Lift inverter
- ▶ Servo Voltage Stabilizer
- ▶ Networking/Server Rack
- ▶ Metal Enclosures

WHY CHOOSE US?

We have successfully installed & commissioned 3KVA to 200 KVA Online UPS Systems & Servo controlled voltage stabilizers in the various Industries. We have 80-90% repetitive business from our valuable clients.

▶ Years of Experience: **24+** ▶ No. of Installations: **2000+** ▶ No. of Clients: **200+**

FIELD OF APPLICATIONS:

- ▶ Industrial Applications ▶ Textile & Printing Machineries
- ▶ CNC/VMC/HMC Machineries ▶ Educational Services
- ▶ Medical & Hospital Services ▶ Telecommunication Services
- ▶ Processing industries ▶ Banking & IT Sector ▶ Commercial Establishment

PRODUCT DETAILS

Uninterruptible Power Supply - Online UPS

- ▶ Online double-conversion with DSP control
- ▶ IGBT Inverter with output isolation transformer
 - ▶ Capacity: 5 KVA to 200 KVA
 - ▶ Input: 200/230/415 \pm 15% V AC
 - ▶ Output: 200/230/380/400/415 V AC
 - ▶ DC Bus: 144/180/240/360/384 V DC
 - ▶ IS 9000 / CE / Rohs certified

Lift Inverter - Emergency Lift Operating Systems

- ▶ IGBT Inverter with output isolation transformer
- ▶ PWM - DSP control
 - ▶ Capacity: 5 KVA to 200 KVA
 - ▶ Input: 200/230/415 \pm 15% V AC
 - ▶ Output: 200/230/380/400/415 V AC
 - ▶ DC Bus: 72/96/180/240/360/384 V DC
 - ▶ IS 9000 / CE / Rohs certified

Servo Voltage Stabilizer (SCVS)

- ▶ Air & Oil Cooled
- ▶ Unbalanced Type
- ▶ Auto/Manual drive option
 - ▶ Capacity: 5 KVA to 500 KVA
 - ▶ Input (1+1): 160-270/150-300/130-260 V AC
 - ▶ Input (3+3): 310-480/300-500/360-480 V AC
 - ▶ Output (1+1): 220/230/240 V AC
 - ▶ Output (3+3): 380/400/415 V AC

Networking/Server Rack & Metal Enclosures

- ▶ Mounting
 - ▶ Wall mount - 3U to 15U
 - ▶ Foot mount - 17U to 42U
- ▶ Poll mount - Custom size
- ▶ Indoor & Outdoor application
- ▶ Standard & customized size option
- ▶ Customized color options
- ▶ All standard accessories available on request
- ▶ CE & Rohs compliance

Factory & Head Office
303/9, 2nd Phase, Near old 'C' type,
G.I.D.C., Vapi - 396 195.
Dis. Valsad, Gujarat (INDIA)
